HOME SWEET HOME

Walking through this property you feel like you've stepped into the pages of 'Home Beautiful' magazine.

This near-new beauty, completed in 2016, ticks ALL the boxes in terms of size, finish, layout, and location. Positioned on a 568spm corner block in a quiet street, the owners have taken full advantage of building guidelines and designed a home to maximise both their indoor and outdoor living spaces. Every inch of the 239sqm of internal living area exudes thoughtful design, complimented by the impressive aesthetic styling and high-quality specifications throughout.

At the front of the home is a welcoming, spacious theatre room, which could just as easily be used as a home office, playroom or 5th bedroom if required. As you step into the bright open plan living zone you will be WOWED by the stunning DREAM kitchen, featuring stone bench tops, stainless steel appliances and stylish pendant lighting. Don't forget to turn around as there's also a separate scullery with a pantry to die for, additional bench space and double fridge/freezer recess. Adjacent is the laundry, featuring a clever addition in the built-in drying rack.

Towards the back of the living zone is another room which is currently set up as a home office, however, could suit any purpose you require.

A separate wing will lead you to the three minor bedrooms (all double sized, with built-in robes), generous family bathroom and HEAPS of built in storage space – what many homes seem lack these days!

Finally, the piece de resistance – the master suite. From the enormous walk
