Stylish Resort Style Living

Built in 2012, the Luxe Apartment complex was designed in response to the growing demand for affordable urban housing with an emphasis on lifestyle – and this stylish two-bedroom, two-bathroom apartment is no exception.

This high-end apartment features quality appliances and sleek design elements. The open plan area is spacious enough for living and dining, plus there's also room for a desk for those working or studying from home. The contemporary kitchen includes a bulkhead and a waterfall benchtop with seating to create a cosy spot for cooking and entertaining.

Additional living space can be found on the wide balcony with sliding louvred screens providing privacy, which also help block out the sun during summer while welcoming in the sunlight during the cooler months.

The apartments in this beautiful complex surround an architecturally designed pool with elevated decking, exercise equipment and outdoor entertaining with BBQ facilities. You could be mistaken for imagining you're on holiday, especially with over 170 stores and cafes a short stroll away at Cockburn Gateway Shopping City.

Equally convenient, the Cockburn Central Train Station is across the street,
