## Contemporary, Low Maintenance Family Living

Located on a quiet residential street, this four-bedroom, two-bathroom home presents a flexible floor plan to suit most families. In addition to the designated bedrooms and spacious open plan living, there is also a dedicated study near the entrance and a games room at the rear of the property, and either could easily be converted into a fifth bedroom or provide additional living space.

With the main suite at the front of the home and opposite the study, there is a separate family wing housing three bedrooms, the main bathroom and laundry. Additional features include solar panels, high ceilings, neutral décor suiting most furnishings, timber flooring and a well-appointed kitchen and bathrooms.

Catering well to busy lifestyles, the easy-care gardens offer the pleasure of alfresco dining without the maintenance of caring for extensive gardens. The modern floorplan is supplemented by wide street frontage and ample parking with side access to the property – there's plenty of space for a trailer or a small boat.

Situated in the vibrant City of Gosnells, many properties in Thornlie were built around the 1980s and 1990s, but this property constructed in 2017 offers contemporary living. This home is move-in ready and presents a peaceful
